

Headteacher: Mr D. Whales | Chair of Governors: Mr A. Brown

11th September 2025

Dear Parent/Carer,

RE: Year 11 Unit 6 Science – *Invite-Only Intervention*

Over the past four years, GCSE Science results at our school have risen significantly. We are proud of the strategies we've implemented as a department, which have consistently supported student progress.

As part of our continued commitment to raising achievement, we have identified a small group of Year 11 students whose current data indicates they are working below their target grades. Your son/daughter is among this group, and we believe that with the right support and intervention, they can successfully close this gap.

We are therefore inviting your child to attend our **Unit 6 Science Intervention Programme**, which will begin on **Wednesday 17th September** and run **weekly until May half-term**. This is an *invite-only* programme designed to provide targeted support and help students achieve their full academic potential in Combined Science.

We kindly ask for your support in encouraging your child to attend these sessions regularly. With consistent effort and guidance, we are confident they can make significant progress and secure the best possible GCSE Science grades next summer.

Thank you in advance for your support.

Yours sincerely,

Mr B Delve
Head of Science Faculty
