Dear Parent / Carer

**Re: Intervention – Wave 3 Provision**

As a school, we are keen to help our students reach their full potential. As part of this process, students have completed some baseline assessments and reading assessments. This is to identify students who would benefit from additional intervention to close the gaps in their learning. We are lucky to be able to offer extra support in the form of certain interventions for students who have been identified as either not reaching their chronological age in reading, not meeting their targets, a weakness in spelling and punctuation or did not meet the expected standard in KS2. The rationale is that without strong basic skills students will not access other subjects as successfully.

Your child has been selected to attend Wave 3 Provision.

Details regarding intervention:

**Wave 3 Provision** – A small, nurture environment which focuses on supporting students' literacy, and helping their comprehension and confidence grow.

These lessons have been timetabled when students have Humanities and MFL subjects. These lessons will focus heavily on developing literacy and numeracy skills; to help students to meet their target levels and chronological age which benefits them in all of their lessons.

The length of the intervention will depend on how well the student progresses and will be reviewed at the end of each half-term. Please do not hesitate to contact myself should you require any further information.

Thank you for your continued support.

Yours faithfully

**Mrs R Turner**  
**Assistant SENCo & Intervention Lead**
