Dear Parents/Carers

### Exciting News!

We're thrilled to introduce the new **Pupil Progress mobile app** for students and parents in Year 11.

### What is it?

The Pupil Progress app is a new tool that gives you simple, clear information about your child's strengths and the areas they need to focus on following the recent exams.

### How we have used it so far

- Students received a physical copy today showing their individual strengths and targets.
- **Advice is to use this booklet over Easter to help them revise more effectively.**
- The app will now allow you to see the same information digitally.

*Please note* that the summary page has not been fully set up, so please refer to the reports sent home prior to the recent parents' evening. Furthermore, there may be a few subjects currently missing information- please ignore these gaps.

### How to Get Started

1. **Open this email on your phone** and download the Pupil Progress App:
  - **For iPhones:** [tap here to download the app](#)
  - **For Android phones:** [tap here to download the app](#)

2. **IMPORTANT** (even we got this bit wrong when testing the system)...

- **You will receive a separate email** with details on how to set up your account.
- **Please open that email on your phone** and follow the instructions provided.

### More Information and Help

Guidance for setting up your account can be found here:
