

Headteacher: Mr D. Whales | Chair of Governors: Mr A. Brown

PSW

21st May 2026

Dear Parent/Carer

I am pleased to share that, throughout June, we will be focusing on the final stage of our Kick Start programme: **Kickstarting Kindness**. This important phase will place a strong emphasis on kindness, respect, tolerance and anti-bullying across our school community.

During the month, students will participate in a range of planned sessions alongside their normal lessons. These will explore themes such as positive communication, gratitude, and emotional awareness. Through this work, we aim to further strengthen our school culture so that every student feels safe, respected and valued.

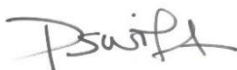

We recognise that kindness underpins both personal and academic success. By developing empathy, resilience and strong interpersonal skills, we are preparing our students not only for success in school, but for life beyond it. We encourage you to support this work at home by continuing conversations around respect, understanding and compassion in everyday situations.

This focus forms a key part of our wider Character Development programme, supporting our ambition to be the safest and kindest school in Peterborough.

We will be sharing moments from this initiative throughout the month via our social media channels, and we warmly invite you to follow along and engage with us. We look forward to celebrating the impact of this work with our students.

Thank you, as always, for your continued support.

Yours sincerely,

Mr P Swift
Deputy Headteacher
