

Dear Parent/Career,

From Monday 6th to Friday 17th July work experience will take place for our year 12 students. To support students who have been unable to source a placement we will be running a community garden project within school. For students without a placement attendance to school for these two weeks is compulsory and will be monitored. With any absence being marked as unauthorised, unless otherwise discussed.

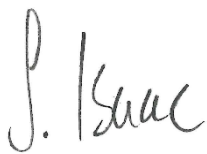

The aim of the project is to create a shared space for all students, staff and the wider community to enjoy. Taking part in the project will allow students to develop a range of transferable skills that will support them when it comes to writing personal statements for university applications and job applications. Students will gain skills such as teamwork, organisation, communication skills and many more.

Each day students will be required to meet in the sixth form common room at 9am where they will be informed of the plan for the day ahead. Students will finish the day at 13:15 and at this point are free to either go home or remain in the common room. On Friday 17th July we do not require year 12 students to attend as it is the last day of the school year and this will be coded accordingly so attendance is not impacted.

Due to students working outside we ask they wear clothing that they are happy to get dirty and are not concerned about damaging. Gloves and any other equipment will be provided for students. Please ensure your child brings a water bottle and sunscreen.

If you have any questions, please do let me know.

Many thanks

Mr S Isaac
Associate Assistant Headteacher
