

Headteacher: Mr D. Whales | Chair of Governors: Mr A. Brown

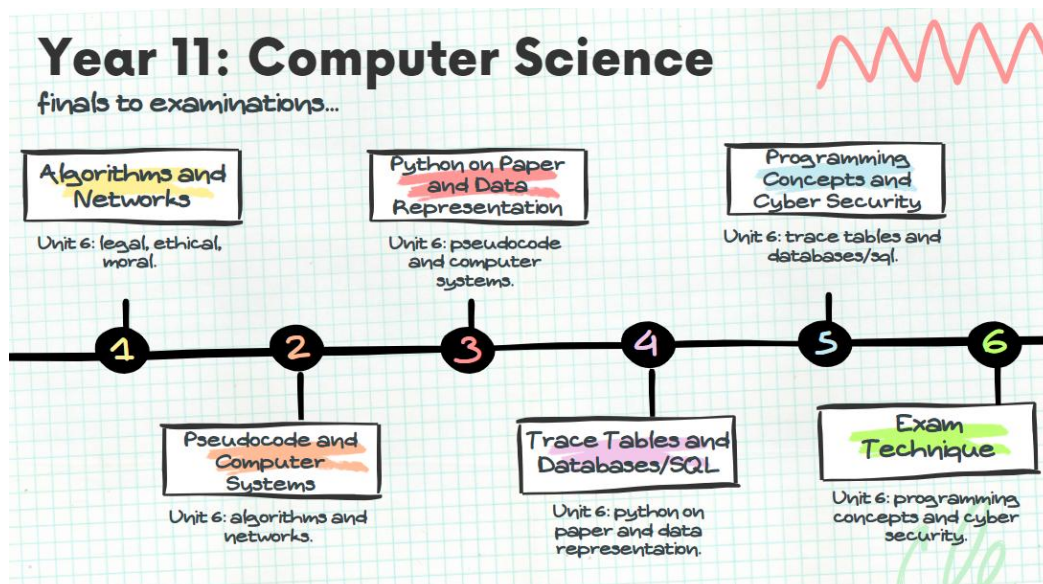

FSI/PSW

14 March 2024

Dear Parent/Carer,

## Year 11 Computer Science

This letter is to inform you that the Technology faculty have created a road map for Computer Science which outlines the specific topics students will revise over the next 6 weeks of lessons. Each topic has been carefully selected after analysing Year 11 Finals examination data. This has been shared in lesson and we hope you find it useful in terms of knowing how students are being prepared for their public examinations.

To support learning further, we have managed to purchase revision guides at a reduced cost. These books are from CGP and it is an all-in-one guide covering all of the specification. The book can be used alongside the schedule above to supplement revision, practicing exam questions, and provides hints and tips students may find useful. These retail at £11.99 if purchased directly. If you would like to purchase a revision guide, a payment of just £3.00 will need to be made on ParentPay and once payment has been processed, students can collect these books from myself.

I would like to thank you for all your support and if you had any questions regarding this matter, please do not hesitate to contact me.

Yours faithfully,

**Mr F. Satari (Head of Faculty: Technology & Computing)**
