

2<sup>nd</sup> May 2023

All year 8 students will have been emailed today a pathways interview slot with a member of staff. The appointments are to check students understand the process and to ensure any final questions are answered. Students will also be given reminder slips via tutors. The interviews are for students and do not need a parent to attend as they will be done during school time.

The email with the link for the pathways forms for students final choices will be sent on Thursday the 11th of May. This will need to be completed by no later than Wednesday 17th of May.

Choices will not be given out by a first come first serve basis and will be reviewed once all responses are in. This should hopefully give students plenty of time still to speak to staff and to make considered choices.

The Pathways Team

Mr T Hussain  
Assistant Principal
