 - We are able to **staff** the course with subject specialists
- A set of option blocks will be created once students have expressed their choices. We can only run a course in a single block so there may be clashes
- Whilst we aim to offer all students their first choice options, courses do need to be viable and **we cannot please all of the students, all of the time!**

Choosing subjects

- Most students will choose **four** subjects. It may be possible and more appropriate to choose **three** subjects **and** an academic enrichment
- GCSE English and/or Maths resits

- Take time to **discuss** your options with staff and students at the stands
- Be **realistic** about the level of course
- AS or A Level (may help you pick your 4th subject)
