

Dear Parent/ Carer,

I would like to draw your attention to an opportunity for your child/ ward to attend a Residential Engineering Experience this August (22nd to 24th) at Manchester University, which is being run by the Smallpeice Trust.

The focus of this course will be Cyber Security, Electrical Engineering, and Aerospace Engineering. It is for students in Year 8 and 9.

The Trust are also running a similar virtual course (29th August – 1st September) which might be more suitable for some students.

The Smallpeice Trust is a charitable organisation that gives young people the support they need to bring their big ideas to life through science, technology, engineering and maths (STEM).

They want young people who are into science, technology, engineering and maths to live in a world that celebrates their passion and supports their vision for the future. They work with like-minded organisations and the support of the UK's top universities and institutes.

The Smallpeice Trust is supported by a wide range of national and international companies, the Armed Forces, Institutions, Livery Companies, educational and other charities, and universities. Other Smallpeice partners include Arm Ltd, Babcock International Group, EON, Leonardo, HS2 Ltd, Jaguar Land Rover, Lloyd's Register Foundation, Lockheed Martin, National Cyber Security Centre, National Grid, National Nuclear Laboratory, RAF, Shell, Siemens, Tomorrow's Engineers and the UK Electronics Skills Foundation.

Details about the courses, the application process and FAQs can be found using:

[Engineering Experience - Manchester \(residential\) \(smallpeicetrust.org.uk\)](http://smallpeicetrust.org.uk)

[Engineering Experience \(Virtual\) \(smallpeicetrust.org.uk\)](http://smallpeicetrust.org.uk)

Please do not hesitate to contact me should you require any help with the application process, via my school e-mail;

J.Dodworth@kscs.org.uk

Although there is a charge for the course there are some fully funded places available based on certain criteria.

Yours faithfully,

Janet Dodworth

Miss Janet Dodworth B.Eng. (Hons) Imperial

Teacher of Science/ Physics
