This year more than ever it is vital all students do their very best on their PPEs. Should exams be cancelled like they were the previous 2 years it is highly likely teachers will have to use all available evidence to give students a teacher assessed grade (TAG). As well as classwork, PPE's play an important role in helping teachers form TAGs as they are based on formal assessments. We would strongly encourage all students to use the coming half term break to begin to revise for these key assessments and get ahead in their preparation.

### Y11 ASSEMBLY

We are proud that we have now launched unit 6. This is an extra lesson each day for students in year 11 which will enable you to maximise your progress towards your GCSEs. We have used unit 6 with previous year 11 cohorts and it has proven successful in helping them revise and work towards their target grades.

Monday: Maths and English (split by year half). In week 1 A half students will go to Maths whilst B half students will go to English. In week 2 the students will swap over. If students are unsure of where to go they can see their class teacher, student support officer or head of year.

Tuesday: Health and Social Care, MFL, Art

Wednesday: Science

Thursday: Dance, Drama, Music, Geography, Computer Science, IT (iMedia), Construction, PE

Friday: Business Studies (starting in January)

### Y11 ASSEMBLY

### Year11Unit6

What time does it start and finish? Unit 6 launches on 01 November 2021 and each session will start 3:15 and finish 4:15pm.

Do I have to attend? We expect you to make a conscious decision that this will help you, and not accessing the sessions may not help you succeed in the immediate future.

Are you asking us to do more? You should be revising each day at this stage for a minimum of an hour a day. This is a way in which you can make your revision more worthwhile with an expert in front of you delivering key topics.

What happens on Thursday if I have multiple options on at the same time? You have a choice of which subject you attend. This should ideally be the one you are weakest in. Alternatively, you could find out from your teachers what is going to be covered and then make a choice based on the content being delivered.

What happens on a Tuesday or a Friday if I don't do any of those subjects? You are welcome to attend our homework club (in room 1L50 which is open Monday — Thursday) where you can do independent revision. The room will be supervised by a member of staff. On Friday's you could look to do independent revision at home.

All Y11 students are aware of Unit 6, and information has gone home to promote it. These sessions are free and are organised by experts who know the exams best - better than you just revising independently. Also, it saves the need for private tuition in some cases

(Where private tutors charge up to £45 an hour).

This year more than ever, especially after all the disruption to learning you have gone through, it is probably more important to attend and get that extra boost if you can.

We just want the best for every student and to give you all the best possible chances.

**Friday 19th November** 

To participate in this event please donate a voluntary contribution of £1 for CHILDREN IN NEED upon entry to your Year Group gate in the morning!

#### REMEMBER EVEN ON OUR NON UNIFORM DAY:

- Sensible shoes are important.
- Tops need to have backs and shoulders covered.
- · No offensive words or logos.
- · No short skirts.
- · Normal school rules regarding hair styles, make-up and jewellery apply on this day.
